

## OLD AGE STARTS WITH YOUR KIDNEYS

Science says that old age begins with weakened kidneys and digestive organs. This being true, it is easy to believe that by keeping the kidneys and digestive organs cleaned and in proper working order old age can be deferred and life prolonged far beyond that employed by the average person.

For over 200 years GOLD MEDAL Haarlem Oil has been relieving the weakness and disability due to advancing years. It is a standard old-time home remedy and needs no introduction. GOLD MEDAL Haarlem Oil is included in odorless, tasteless capsules containing about 5 drops each. Take them as you would a pill, with a small swallow of water.

The oil stimulates the kidney action and enables the organs to throw off the poisons which cause premature old age. New life and strength increase as you continue the treatment. When completely restored continue taking a capsule or two each day. GOLD MEDAL Haarlem Oil Capsules will keep you in health and vigor and prevent a return of the disease.

Do not wait until old age or disease have settled down for good. Go to your druggist and get a box of GOLD MEDAL Haarlem Oil Capsules. Money refunded if they do not help you. Three sizes. But remember to ask for the original imported GOLD MEDAL brand. In sealed packages. —Advertisement.

## Germans Driven Entirely From the Bois de Hospice

WITH THE AMERICAN ARMY ON THE SEIGNE FRONT, Nov. 6.—On the west bank of the Meuse the Germans have been driven entirely from the Bois de Hospice, two miles north of Beaumont. Along the front of the Meuse in the region of Nassy and between Milly and Dune the Americans made progress despite heavy machine gun and artillery resistance on the part of the Germans.

The Germans continued their rear guard actions on the rugged hills and wooded districts east of the Meuse against which the Americans are advancing steadily.

## An Old Recipe to Darken Hair

Sage Tea and Sulphur Turns Gray, Faded Hair Dark and Glossy.

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome.

Nowadays we simply ask at any drug store for "Wyeth's Sage and Sulphur Compound." You will get a large bottle of this old-time recipe improved by the addition of other ingredients, at very little cost. Everybody uses this preparation now, because no one can possibly tell that you darkened your hair as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two your hair becomes beautifully dark, thick and glossy, and you look years younger. Wyeth's Sage and Sulphur compound is a delightful toilet requisite. It is not intended for the cure, mitigation or prevention of disease. —Advertisement.

## Americans and Japs Make Swift Move On Siberian Front

TOKIO, Nov. 1.—(Mail).—Capture of Khabarovsk, Siberia, by American and Japanese troops has been a subject of mutual congratulation by commanders of the troops of the two nations which co-operated in this swift move of 420 miles north from Vladivostok to the point on the Amur river.

The American troops were commanded by Lieutenant Colonel C. H. Morrow acting with the Twelfth Japanese division. For the share of the Americans in the action, Lieutenant Colonel Morrow has received a congratulatory message from Baron General Ueyehara, chief of the Japanese general staff, through General Otani, commander of the allied forces. In return Lieutenant Colonel Morrow sent the following message to Baron General Ueyehara:

"General Otani's campaign on the Ussuri and the Amur, for rapidity and success is truly remarkable. He landed at Vladivostok on the 19th of August, concentrated on the 23rd and fought a brilliant and successful battle on the 24th. On September 5th he had moved his army 420 miles for the capture of Khabarovsk, an accomplishment worthy of the best traditions of the glorious Japanese army. "I sincerely thank General Otani and the staff of the splendid 12th division for all the courtesy and friendly feeling displayed to the American troops under my command. The serving together of the Japanese and American armies will more closely unite the already friendly nations."

## TRIEST TURNS OVER OFFICES

Austrian Soldiers Leave For Homes Without Waiting For Further Orders.

TRIEST, Tuesday, Nov. 5.—The rigid Austrian police control of this city was relaxed several days before the occupation by the Italians. On November 1 the Austrian provincial authorities were ordered to turn over their offices to a committee of public safety which they did peacefully. The committee took charge of the postoffice and railways and municipal affairs generally. The Austrian soldiers realizing that the Italian armies had been defeated on the Italian front began leaving for their homes in various parts of the empire, demobilization having been commenced.

General Pettiti di Roreto, the Italian governor-general, speaking to a representative of the Associated Press, said:

"The coming of the Italians here means not only that we have routed our enemy on the battle field, but that we are here by conquest. We have overcome the Austrians who have dominated, oppressed and scorned the Italians for so long."

Reunited a Lost Daughter.  
"It also means that we have reunited a lost daughter to the mother country. We have arranged strategic lines so that Italy no longer will have to live under the dread of an invader."

"Permit me to take this opportunity to render homage to the important and disinterested action of the United States, without which we would have been unable to win the war. We value the help of the Americans above all because it is disinterested and is solely for the peace of the world."

The general is reputed one of the most broad-minded, capable and popular soldiers of Italy.  
He fought in the Trentino in 1916, later commanded in Macedonia, and last June fought along the lower Piave when Venice was saved from the invaders. Recently he was wounded.  
"I have never lost faith in allied victory," he continued, "because otherwise there would be no justice on earth. When I saw America enter the war I knew we would win. Italy won her battles because God helps those who help themselves."

Mind your own business unless you are paid for minding other people's.

## The right way to shampoo

How this treatment helps your hair

Do you think your hair grows from the head like a plant? No, indeed. There is a fundamental difference.

For your hair does not breathe as does a plant. No vital fluid circulates through it as does the sap in the plant. Except at the very tips of its roots, hair has no more life than a silken thread.

To keep your hair lovely and abundant you must, by the proper treatment, keep your scalp healthy and vigorous.

Is your hair dull and lifeless? It can be made rich and lustrous. Is it greasy, oily, or dry and brittle? You can correct the condition which prevents the tiny oil glands from emitting just the right amount of oil to keep your hair soft and silky.

### Try this famous shampoo

Before shampooing, rub the scalp thoroughly with the tips of the fingers (not the finger nails) making the scalp itself move in little circles. This loosens the dead cells and particles of dust and dandruff that clog up the pores.

Now dip the hair in warm water, separate

it into small parts and scrub the scalp with a toothbrush lathered with Woodbury's Facial Soap. Rub the lather in well, then rinse it out.

Next apply a thick, hot lather of Woodbury's Facial Soap, and leave it on for two or three minutes. Clear off with fresh, warm water, finishing with cold water. Dry very thoroughly. You will enjoy the healthy, active feeling it gives your scalp. You will soon see the improvement in your hair—how much richer and softer it is.

For ten or twelve shampoos, you will find the 25c cake of Woodbury's Facial Soap sufficient, or for a month or six weeks of any of the famous facial treatments and for general cleansing use. Get a cake today. Woodbury's is for sale at drug stores and toilet goods counters everywhere throughout the United States and Canada. The Andrew Jergens Company, Cincinnati, New York, and Perth, Ontario.

## Ohio Enters Fast Growing Column of Dry States

COLUMBUS, O., Nov. 6.—Ohio yesterday entered the fast-growing column of states where intoxicating liquors cannot be sold or purchased.

With slightly less than 500 precincts out almost all of which are located in territory which heretofore has been dry, the prohibition forces have assumed a lead of 5851 tonight.

With a little more than 350 precincts missing, Governor Cox, democrat, has established a lead of 18,768 over his Republican opponent, Frank B. Willis, and the latter has conceded his opponent's election.

The Ohio delegation in congress will consist of fourteen Republicans and eight Democrats.

## Drys Lead in Ohio and Are Defeated in California

COLUMBUS, O., Nov. 6.—The drys assumed the lead in the prohibition contest here late this afternoon after receiving the returns from numerous dry counties. The vote at 3 o'clock was, with 4255 precincts heard from: For prohibition 381,425; against prohibition 378,969.

Prohibition Defeated.

## DEMPSEY WINS OVER LEVINSKY

PHILADELPHIA, Nov. 6.—Jack Dempsey heavyweight, knocked out Battling Levinsky of New York here tonight in the third round of what was to have been a six-round bout.

Dempsey, who was the aggressor throughout, stopped Levinsky with a right hook to the jaw, which sent him down for the count, and he had to be assisted to his corner by his seconds. It was the first time Levinsky was ever knocked out.

In the first two rounds Dempsey followed his opponent all over the ring and every time he landed, his blows seemed to shake Levinsky from head to foot.

The third round was 2 minutes and 35 seconds old when Levinsky, whose face wore the look of defeat from the start, received a numbing right-handed punch to the chin after being thrust to the ropes by Dempsey's onslaught. Levinsky's career downward void of consciousness. As he fell backward his head caught on the lower rope. The rope yielded from the weight and Levinsky was on his back with his head projecting within an inch or two of the edge of the ring and outside the ropes.

A convulsive movement enabled him to free himself from the entanglement, but his eyes were glassy and he could not rise. A beaten wreck, he was counted out by Referee James F. Donoherty, who also was promoter of the show.

In the semi-windup Johnny Dundee, New York lightweight, had the better of a six-round bout with Gussie Lewis of Philadelphia.
